Subject: Public Records Request 30271

Dear Ms. Best,

This letter is in response to Public Information Request 30271, received by the Department of Public Safety (DPS) on June 19, 2020. Currently, your massive request is being reviewed and is expected to take longer than ten business days to be completed. We are therefore extending the time period to fill your request for the following reason:

The release of the requested material at this time is not readily available in one location. DPS needs time to research the matter further and gather all necessary material requested if they do exist. Please feel free to contact the Communications Director Megan Peters at 907-229-2738 or megan.peters@alaska.gov for status.

A separate letter will follow advising if there are potential costs associated with your request and to confirm that you are still interested in receiving the material.

This extension is not invoked for purposes of delay. We expect that the requested material will be ready to release at a later date.

Sincerely,

A handwritten signature in blue ink, appearing to read "LM", followed by a horizontal line.

Leon Morgan
Deputy Commissioner
